

## Investigator Meeting

The MOST Investigator Meeting is this Monday, May 6! All are welcome to join the meeting at any point during the day as time permits due to the AAN. The meeting will be held in the **Grand Ballroom** on the 3<sup>rd</sup> Floor of the Renaissance Philadelphia Airport Hotel. Breakfast will be available starting at 7:30AM and the meeting will begin at 8AM.

For those who will not be joining us in Philadelphia, the meeting will be available on WebEx:

## FAQS

### What training needs to be completed after the Investigator Meeting?

The Investigator Meeting (IM) will serve as Protocol Training, Study Coordinator Training and Pharmacy Training for all attendees. The MOST team, on the behalf of our attendees, will reconcile training requirements in WebDCU™ after the IM.

Study team members who do not attend the IM will be able to view the required training modules afterwards on the WebDCU™ Training Campus website:

<https://webdcu.musc.edu/campus/>.

Between the Investigator Meeting and the time study drug becomes available, sites should solidify their local logistics, train their teams, and complete Readiness Calls.

### Is my Conflict of Interest (COI) form expired?

The MOST prime protocol received initial CIRB approval on 4/24/2018. The continuing review was completed early, in January of 2019, so it would not interfere with the CIRB's ability to approve new sites. The date of COI expiration is now **1/27/2020**. The central team will extend the expiration dates in WebDCU™ so individuals do NOT need to upload new COIs.
