

**ASPIRE Colleagues,**

**Trial enrollment continues to make great progress. Thanks to your continued efforts, our 50% enrollment milestone is in sight!**

**Please continue to do all you can to screen and enroll for ASPIRE.**

**THANK YOU**

**-- from the ASPIRE National Team**

## RECRUITMENT UPDATE

# Frequently Asked Questions

## ❑ Can lobar brain hemorrhage be enrolled? What other types?

YES! All brain hemorrhages including traumatic can be enrolled. Only aneurysms and isolated/predominant SDH are excluded. If you have blood in the brain, you are likely eligible and you can always email [ASPIRE@YALE.EDU](mailto:ASPIRE@YALE.EDU) to affirm.

## ❑ Our patient only had AF while in the ICU. Are they eligible?

YES! Once AF always AF as far as ASPIRE is concerned. Just remember it must be a physician diagnosis to count.

## ❑ Our patient has coronary artery disease and needs to be on aspirin. Are they eligible?

YES! In AF and CAD, there are data that show anticoagulation and antiplatelet therapies are both acceptable strategies, especially if there is no recent heart attack. Always check with your cardiologist to confirm for a specific patient.

## Join the ASPIRE WhatsApp Group

To get speedy answers to any study question!
