Contacts

Coordinator of the month: Dmytro Nerobeiev from VCU Medical Center

A big shout out to one of our newest coordinators Dmytro. VCU Medical was recently released as a new site in Fall 2024. Dmytro quickly started enrolling subjects as soon as they were released. They have already enrolled 4 subjects and randomized 2 of them! Not only has Dmytro been great at enrolling, but he's been an absolute pleasure to work with in all respects.

Withdrawals- because we still see this happening!

Please, please, please pursue 3- and 6-month outcomes on all randomized participants!

- even if they stopped using CPAP (CPAP arm)
- even if they started using CPAP (controls)

Skip outcome only if participant withdraws consent to participate in the study – no longer wants to be contacted.

Outcome visits

If a visit is approaching end of window, Kayla will email you for an update. In that update is a link so that our team can help complete the visit. Please do this as soon as possible! It's not helpful if we get contact information the day before the window closes.

Super Bowl Bingo

Our latest challenge will be Super Bowl Bingo! Between 1/28 and 2/9 (Super Bowl Sunday), teams can compete using their bingo cards. Complete activities to mark off your card. The first team to complete a full row, column, or diagonal (and have it confirmed by us) will win SnackMagic for their team! Email with detailed instructions was sent by Kayla.

February Webinar

Dr. Mark Aloia will be presenting on our February webinar. His talk at the October Sleep SMART IM was well received as one of the highlights. If you are available, please join us. We will be covering difficult conversations in recruitment. This will be 2/10 from 12-1pm ET. If you have not received a link, please contact Kayla or Joelle.

Supply ordering link:
<https://tinyurl.com/sleepsmartordering>

Coordinator Booster 2/5

Kayla will be presenting a booster session on enrollment. Study startup will also be touched on since a lot of new sites have joined us. Please join if you can, February 5th at 1pm ET.

Continuing Review

The 2024 continuing review email was sent out on 12/13/24 by Joelle. The reporting period is 2/2/2024 to 12/13/2024.

Due date was on January 24th. If you have not turned in your CR or reviewed Joelle's email, please email us as soon as possible.

Instructions on completing your CR are in Joelle's email.

Sleep SMART GPT

We wanted to remind you about the Sleep SMART GPT. This is a virtual assistant that can help with protocol related questions. Please bookmark this URL:

<https://docsbot.ai/chat/n6lkSeOBfWo1Oc63RXmw/hxKF2vgUzUsoiHs91lyU>

The link is on our website under the research tab (<https://www.nihstrokenet.org/trials/sleep-smart-trial/research-team>).
