

Sleep SMART

WAKE UP TO CPAP!

Thank you for your commitment to Sleep SMART and to using CPAP as best you can for the next 6 months!

YOUR SITUATION:

You have sleep apnea. When you sleep, at least every 6 minutes on average, you stop breathing or nearly stop breathing.

Sleep apnea is linked to having another stroke and worse recovery after stroke.

YOUR MISSION:

To use CPAP every time you sleep, to help fix your breathing.

To get check-ups by the study team at about 3 and 6 months after enrolling in Sleep SMART. You will receive \$75 for each assessment (total \$150)

YOUR TOOLS:

The following tools are available free of charge to help you succeed.

SLEEP COACH:

Call **470-655-6688** to reach your very own sleep coach. Your sleep coach is looking forward to talking with you! Sleep SMART picks up the tab.

myAIR APP:

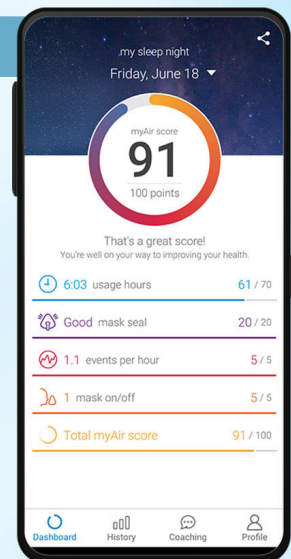

Set your nightly CPAP “fitness goal.” Track your progress using the free myAir app.

Register here:

<https://myair2.resmed.com>

myAir helps you:

- track your progress
- find motivation to use CPAP
- find helpful videos
