Top Enroller(s):

1. Duke University Hospital (5)
2. Baystate Medical Center (4)

Sites with 1st time Enrollment:

- UT Southwestern Medical Center

Top Pre-Screener:

- U. Wisconsin University Hospital

Pearls of WISDOM

Advice and Suggestions

Visit 1, Visit 2 and Visit 3 assessments can all be completed on the same day as long as each assessment is completed within its respective window

Eligible participants do **not** need to be functionally independent pre-stroke

- Even if they needed assistance to take care of themselves prior to the current stroke, if they didn't have limitations in the use of their stroke-affected arm previously and can consent for themselves, then they are eligible

Identify potentially eligible patients within the first 24 hours of onset

Remember to re-screen patients at later times during hospitalization

- Even if patients don't initially qualify, they may qualify later (after 1-2 days)

Schedule Day 90 Visit at the start of the visit window (i.e., Day 76, or two weeks prior to Day 90)

- Allows for more wiggle room if something unexpected comes up

We strongly recommend installing the MEGA-TMS software onto a second computer in case of issues. This only applies to sites with a laptop supplied with the MEGA-TMS machine.

Holiday **DASH** to Enroll

(November 1st- December 31st)

Activated Sites: Top **10** enrolling sites

****must enroll at least 1 patient to qualify****

Study Start Up Sites: First **2** activated sites

Top sites at the end of December will receive delicious chocolate from New Zealand!!

Current sites in the running:

1. Duke University Hospital (5)
2. Baystate Medical Center (5)
3. University of Cincinnati Medical Center (2)
4. OSU Wexner Medical Center (2)
5. University of Michigan University Hospital (1)
6. Emory University Hospital (1)
7. UT Southwestern Medical Center (1)
8. Harborview Medical Center (1)
9. University of Maryland Medical Center(1)

Study Announcement's

- **HOLD THE DATE! In-Person Investigator Meeting 2024**
 - Location: Atlanta, Georgia
 - Dates: June 3rd (evening) and June 4th (morning- late afternoon)
 - Additional information to be sent out soon!
- **Please note that when reporting an AE, you should indentify it by the primary reason for the event/diagnosis, and not each individual symptom or 'death'.**
- **Haven't enrolled in a while? Reach out to the team!!**
 - We can help assist by reviewing your screening process and spot common barriers, identify resources and connections that might help, as well as troubleshoot site-specific issues.
- **TMS Tips:** When you finish a TMS session and save the data, please immediately reopen and check to see if the data look correct. If the data didn't save correctly, then you can quickly re-test the patient as they are still present and prepped for TMS.
- **Have a real-time quick enrollment question?**
 - Email: verifystudy@ucmail.uc.edu
 - ****Please include VERIFY Enrollment Question in the email subject line****
 - This will allow for the email to be automatically forwarded to study national PIs and Project Managers
- **Have a real-time TMS question?** Call or text (833)337-2227

To Our VERIFY Family!!
