Sites that activated!!

- Corewell Health Butterworth Hospital

Top Pre-Screener:

- U. Wisconsin University Hospital

Sites that completed their TMS technique check!!:

- Penn State Hershey Medical Center
- Corewell Health Butterworth Hospital

Pearls of WISDOM

Advice and Suggestions

Visit 1, Visit 2, and Visit 3 assessments can all be completed on the same day as long as each assessment is completed within the window

Eligible participants don't need to be functionally independent prior to their stroke.

- Let's say they needed assistance to take care of themselves pre-stroke; as long as they did not have functional loss in the stroke-affected arm pre-stroke, and they meet all other criteria, they are eligible..

When you finish a TMS session and save the data, immediately reopen and check that the data look correct. If the data didn't save correctly, then you can quickly re-test the patient as they are still present and prepped for TMS.

Schedule Day-90 visit at the start of the visit window (i.e., Day 76, or two weeks prior)

- Allows for more wiggle room if something unexpected comes up

If you are struggling to find specific information on the TMS website please use the search bar on the right side of the screen to search for keywords such as "export" or "TMS protocol"

Holiday DASH to Enroll

(November 1st- December 31st)

Activated Sites: Top **10** enrolling sites

must enroll at least 1 patient to qualify

Study Start Up Sites: First **2** activated sites

Congratulations

Study Announcements

- **ATTENTION: In-Person Investigator Meeting 2024**
 - Location: Atlanta, Georgia
 - Dates: June 3rd (evening) and June 4th (morning- late afternoon)
 - Who should attend? Up to 4 members from each site-members should include the site PI and PSC. Please ensure that each site sends at least one TMS operator and one ARAT/FM assessor
 - RSVP survey to be sent out soon!

- **Need study supplies?**
 - Subject tote bags- email Kalli Beasley.
 - Rehab trackers and/or Spanish translated documents- email Jack Soriano in Steve Cramer's Lab
 - TMS EMG Leads and electrodes- Sites are allocated funds for these and are responsible for ordering them.

- **Have a real-time quick enrollment question?**
 - Email: verifystudy@ucmail.uc.edu
 - ****Please include "VERIFY Enrollment Question" in the email subject line****
 - This will allow for the email to be automatically forwarded to study national PIs and Project Managers
